

LETTER OF CONSENT

We declare that this Institution is interested in participating in the project: Educa 360 - Research and Innovation in Multisensory Experiences for Education, proposed by researcher Débora Christina Muchaluat Saade and carried out in collaboration with Professor Luciana Cardoso de Castro Salgado, and authorize its execution.

We further declare that we are aware of and comply with the Brazilian Ethical Resolutions, especially CNS Resolution 466/2012. This institution is aware of its co-responsibilities as a participating institution and its commitment to safeguarding the safety and well-being of the people participating in the research project recruited within it, providing the necessary infrastructure to guarantee such safety and well-being.

This authorization is conditional upon final approval of the proposal by the Research Ethics Committee(s) responsible for its evaluation.
